

Therapy you can trust

Philips Respironics Porta-neb nebulizer compressor system

The Philips Respironics Porta-neb is a reliable and easy to use nebulizer compressor system, suitable for nebulizing most aerosol medications prescribed for common respiratory diseases.

For many years, Porta-neb has provided reliability, fast treatments and high quality aerosol therapy for patients.

Coupled with the SideStream Reusable handset, Porta-neb provides a highly efficient aerosol therapy system. This combination results in fast treatment times and a high quality aerosol that will deliver 80% of particles below 5 microns*, allowing for more drug to reach the target areas of the lungs.

Suitable for professional or home use, Porta-neb has been designed to easily manage prolonged use in a clinical environment as well as frequent use in the home.

Key features

- Matched with SideStream for enhanced performance
- 7 l/min. high flow compressor
- Continuously rated for constant use
- Contoured design for easy cleaning
- Large integral storage
- 3 year warranty

PHILIPS

RESPIRONICS

sense and simplicity
